

# IMMERSA Advanced Lightweight Gaming Headset

### Impressive Sound Quality

Endowed with advanced 40mm Neodymium magnet drivers available on the market and the ability to produce high quality stereo sound with excellent bass and treble performance. IMMERSA will allow you to fully immerse yourself in gaming or delight your ears with crystal clear music, while its big ear pads will provide isolation from external noise.

### High Adaptability

IMMERSA comes with a 4 pole connector that will allow you to use with laptops, phones, tablets and other devices. When the time comes to connect it to a desktop computer, an adaptor will allow you to separate the audio into two 3 pole connectors for audio input and output. Add to this its retractile microphone that appears or disappears according to your needs and you have a headset that will provide exactly what you need when you need it.

### Total Comfort

COUGAR IMMERSA's unique suspended leatherlike headband design allows you to reach new levels of comfort. Built with carefully chosen materials, IMMERSA's low weight will allow you to wear it for extended periods of time without experiencing any kind of discomfort. The 100mm ear pads will always keep your ears comfortably covered and isolated from external noise. To fit all head shapes and sizes, IMMERSA's flexible structure and automatic omni-directional adaptation will allow it to perform a 360° adjustments to maximize your comfort.
